The company has a history of introducing new features without letting users know in advance. In most cases, initial criticism has died down after users adjust to the new settings, as with the Facebook profile redesign.

If you have the new feature and want to disable it here's how to do it:

1. Go to Account > Privacy Settings

facebook	Search Search	٩.	Home P	rofile Find friends	Account 🔻	
	Choose your privacy s	Julia Taylor				
	Back to privacy		Pre	Edit friends		
	Customise who can see and comment on things you share, things on your Wall and things you're tagged in			Account Settings Privacy Settings		
	Things I share	Posts by me Default setting for posts, including status updates and photos	🔒 Friends only 🔻	Help Centre Log out		
		Family	Friends only 🔻			
		Relationships	🔒 Friends only 🔻			

- 2. Scroll down to the section headed "Things others share"
- 3. Click "Edit Settings" button next to "Suggest photos of me to friends."

	Places you check in to	🔒 Friends only 🔻
	Include me in "People here now" after I check in Visible to friends and people checked in nearby (See an example)	🖉 Enable
	Edit privacy settings for existing photo albums and videos.	
Things others share	Photos and videos you're tagged in	Edit settings
	Permission to comment on your posts Includes status updates, friends' Wall posts and photos	🔒 Friends only 🔻
	Suggest photos of me to friends When photos look like me, suggest my name	Edit settings
	Friends can post on my Wall	I Enable
	Can see Wall posts by friends	Eriends of friends 🔻
	Friends can check me in to places	Edit settings
Contact information	Address	🔒 Friends only 🔻
	IM screen name	Eriends only 🔻

4. Select "Disabled" from the drop-down menu.
